NEWSLETTER 06

November 2016

Dear captains,

PreGFL was awesome and again we would like to thank you guys for coming and making it unforgettable. We had a great support from our partners SMATSA, Hotel 88 rooms, Vinarija Zvonko Bogdan, Cantina del Vino. Thank you for being a part of it!

During the preGFL, we've established the starting order for the GFL2017 Races.

PreGFL participants were asked to pick a strip with the name of the team and then to drink rakija shots, with number sticker on the bottom of the shot. There were 70 shots with stickers from which 38 had numbers on it and the remaining 32 had smileys. When you pull a smiley you need to drink again until you find a number. So the drawing was very amusing.

HERE ARE THE RESULTS
<http://www.gfl2017.rs/teams/draw>

Of course, all the teams who will merge with the other ones, in order to have a proper number of participants for the team results according to GFL RULES, will get their numbers according to the drawing and if some teams want to split in 2 or 3 teams, they will get the next number.

Example:

If the team is drawn as a number 10 and the team wants to split teammates into a two teams, they will get numbers 10 and 11.

The order and the team names can be changed and all the info for using the web app is given by our Race department in the additional attachment. Final date for completing the teams is **December 25th !**

So you are free to make your teams, mix with other GFLers and enjoy !

The video and the pictures of the preGFL will be available online on our website soon!

• TRANSPORTATION TO THE RESORT AND BACK

You have to fill the application for all teammates with the arrival time and departure time at the airport, and we will organize GFL busses from and to the airport with the minimum possible waiting time at the airport (enough for just a few beers ;-)

For GFLers who are not having additional days in Belgrade the price will be 50€ for both ways.

For those who stay additional days in 88rooms hotel, hotel itself organizes bus transfer to the resort and back to the airport or hotel (if they stay after GFL), again according to arrival or departing time which are filled in the registration application (30€ hotel transfer charges), and you fill the field "INFO" with the arrival/departure dates.

For the people who stay in other hotels in Belgrade, we cannot organize transfer from the city, but only from the airport. That means that GFLers should come to the airport January 21st some time between 12:00-16:00 LT (most of the arrivals) and join some GFL bus. Just fill in the time of arrival at the airport so we can organize your bus transfer. Transfer from the city center to the airport by taxi is 15€ approx or by airport bus from the square Slavia (downtown) 3€ per person.

The final date for the transportation request will be December 25th .
